How I work is, you send me the initial deposit along with audio files and I begin to work on them. Once finished, I send you a 30 second preview of the tracks. If you are happy with them, we proceed with the remainder of the payment (if any). After that, I send you the full version of the songs.

For anything under 5 tracks, I require full payment to begin working & it is 100% refundable if you are not satisfied with the previews I send you. For 5 or more songs, I require half of the payment before I begin work; this initial deposit is not refundable. This is non negotiable. The full-length versions of the songs are not released until full payment has been made.

Once you have the full tracks, I give a 2-time revision period. Listen over your tracks and any edits that are on the fault of the engineer or something you just may want to try I will do free of charge. Please be as detailed as possible with your comments. Once the two revisions are used, any additional do require a charge.

Feel free to contact me directly at [AlexDonSales@gmail.com](mailto:AlexDonSales@gmail.com) with any questions you may have.
